

USAG Benelux Installation Safety Office

Wreaths may have items on them that are choking hazards for children. They are toxic to all children and pets. Check the flammability of your wreaths.

Check Tree for freshness. When buying a natural tree, the most important thing is freshness. The higher the moisture content the less likely it is to dry out and become a fire hazard. Check condition of all electrical cords.

Fireworks are good tradition to welcome the New Year. It should be always considered that handling fireworks means handling explosive materials

**DON'T
DRINK & DRIVE**

**DON'T
DRIVE WHILE
FATIGUED**
